

Report to the Auburn City Council

Action Item
Agenda Item No. 17

City Manager Approval

To: Mayor and City Council Members
From: Mike Holmes, Vice Mayor
Date: October 22, 2012
Subject: Bud Anderson Monument Sign

The Issue

Shall the Council approve the location of the Bud Anderson Monument at the Auburn Airport and authorize City contribution to the Project?

Conclusion and Recommendation

Recommends that Council, BY MOTION, approve the location of the Bud Anderson Monument Sign as shown in Exhibit A and authorize a City funding contribution in the amount of \$5,000 towards the project.

Background

Renowned local sculpture, Doug Van Howd has designed a monument to honor Colonel Bud Anderson. The proposed location of the monument is in the grass area east of Wings Restaurant which is currently under lease. The proposed location of the monument is located on property that is currently leased to Brian Metcalf. The leaseholder has verbally expressed a willingness to revise his lease to accommodate the placement of the monument. City staff will need to coordinate with the leaseholder to amend the lease if Council approves the proposed location of the Monument.

The Airport User Groups support the location of the monument sign.

The City funding contribution would be utilized for City staff costs associated with the lease changes, coordination of the monument placement and materials for the construction of the base of the monument.

Alternatives Available to Council; Implications of Alternatives

1. Proceed with Recommendation
2. Do not proceed with recommendation

Fiscal Impact

The fiscal impact pending approval from Council would total \$5,000 from the Airport Fund. The funding could be utilized for material costs, staff associated costs and monument costs as determined by the Council.
